

Draw-A-Scientist

NAME:

DATE:

BLOCK:

Directions: Scientists gather evidence to test questions about the world. Your idea of what a scientist looks like might be different from others.

1. Using the supplies provided, draw a scientist doing science.
2. Make sure your scientist is actively doing something scientific.
3. Don't worry about being a great artist. Just try your best and have fun!
4. Briefly explain who your scientist is and what they are doing.

Drawing

Who is your scientist and what are they doing?
